

HORIZONS

DAVID HASHE

This is an Animal Crossing: New Horizons (ACNH). In ACNH, every fish can be caught in exactly one of six locations: River (mouth), River, River (clifftop), Sea, Pond, or Pier. If you plot the rows of fish from left to right by catch location on the island map, each row draws a letter shape, spelling out the answer: DEFUSE.

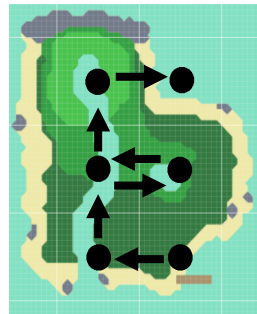

Sturgeon
(Mouth)

Snapping Turtle
(River)

Cherry Salmon
(Clifftop)

Goldfish
(Pond)

Sturgeon
(Mouth)

Blue Marlin
(Pier)

Sturgeon
(Mouth)
